

## **Psychometrist- Attento Counseling at Marietta- East Cobb**

### **Psychological Testing Center**

Attento Counseling at Marietta is looking for a full-time psychometrist.

- We are seeking highly motivated individuals that thrive in a professional team environment and desire the opportunity to be fully invested in a private practice office.\*

**The role of the psychometrist is to assist psychologists in conducting various psychological evaluations to children and adults.**

**Prior testing experience and sound psychological report writing skills is a must. Basic knowledge of the administration and interpretation of cognitive, personality, educational and memory measures is preferred.**

If you are looking for a lifestyle employment opportunity providing you the flexibility to set your own schedule and be actively involved in developing your own practice within a team, this may be the opportunity for you.

#### **Duties & Responsibilities:**

- Administration and scoring of various psychological measures
- Notation of behavioral observations and collateral data
- Interpretation of psychological test data and data from clinical interviews
- Ability to compose structured, concise and grammatically fluid reports
- Daily documentation of clinical records

#### **Qualities Required:**

- The ideal candidates must have 1-2 years of prior testing experience.
- Skill assessing children and adults of culturally and economically diverse backgrounds is required.
- Interest in forensic work is a plus.
- Candidates must be proactive, goal oriented, and personable.
- The ability to work independently, multi-task, and be comfortable in a rapidly developing environment is vital to this position.

- Personal attributes desired include being well-spoken, punctual, goal-oriented, and reliable.
- Passion for a positive approach toward client care/commitment to the highest level of professional/quality client customer service.
- Excellent professional references.
- Willingness to utilize technology-driven support resources (required hard/software provided).

**We Offer:**

- Competitive compensation split based on years of experience, ability to quickly establish client caseload, available credentialing support.
- Extensive marketing to support client recruitment (no cost to therapists).
- Support of a local and national professional counseling team (connected team experience).
- An excellent therapeutic office location (all therapeutic offices with windows in a campus-style setting).
- Therapist Lifestyle Perks: budgeted travel/meeting comp., 24/7 receptionist support, back-office support for the processing of insurance determination/mgmt. & billing, support for CEU's, flexible schedule (therapists are not charged for practice support services), weekly incentive allocation to assist time-off with compensation or incentive earning as needed, on-site clerical support.

**NOTE:** At present we are not offering health care benefits--new staff will be contract employee status. However, we do offer a Contracted Employee Voluntary Benefit option that offers maternity and income maintenance benefits.

Job Types: Full-time, Contract

Pay: \$21.00 - \$26.00 per hour

COVID-19 considerations:

Due to covid-19, position will be conducted via tele-mental health platforms, or in-person, at the discretion of clinician's comfort levels. Office sanitation procedures are routinely administered to ensure client & employee safety.
